

Patient Rights & Notifications

Patient Rights

Patients and families have a right to respectful care given by competent workers. To learn more about your rights and responsibilities as the patient, please ask for the full notice.

Privacy Notice

This Notice of Privacy Practices describes how we and the medical staff and personnel who provide you with care or services at this facility may use and disclose your Protected Health Information ("PHI") to carry out treatment, payment or healthcare operations and for other purposes that are permitted or required by law.

Ownership Notification

During the course of your physician/patient relationship, your physician may at a future time refer you to one our outpatient facilities, such as West Lakes Surgery Center. In connection with any such referral, the physician hereby advises you that these physicians, listed in this notification, have an ownership interest. Please be advised that you have the right to obtain the health care items and services for which the physician refers you, at any location or from any ambulatory surgery center, hospital, provider, or supplier of your choice.
